26th March 2020

Dear Sir/ Madam

Covid-19 and Closure of Site Based Activity

In relation to the recent measures introduced by the Government in respect of continued safe working on site environments, we have decided to prioritise the health and safety of our Employees, and suspend our site based operations until such time that the Government advice changes. We are unable to action our installations effectively without breaching the 2 metre social distancing that is a safe working requirement, therefore we are left no alternative but to protect the wellbeing of our Employees. We have initially made plans for a return to site based activities on 14.04.2020, but that date will be reviewed daily and amended accordingly, if further Government restrictions or recommendations require us to do so.

We have not taken this decision lightly and with the encouraging news that social distancing appears to be an effective way of halting the spread of this pandemic, we consider our actions will contribute in a relatively small way, to preserve life, resist unnecessary strains on the NHS and hopefully seek a return to work sooner rather than later.

I will continue to carry out our non-site based activities remotely, and will still be attending to enquiries, emails etc as best I can. Unfortunately our Suppliers are now starting to exercise their own closures, so it may not be feasible to acquire all the necessary information to complete these as extensively as I would like to, but I will continue to be contactable both on mobile and by email at enquiries@nsceilings.co.uk.

I thank you for your co-operation and are hopeful that you will be understanding of our reasons for the above, however should you have any concerns please do not hesitate to contact me. In the meantime we will continue to review the Government guidelines and measures to support the business community, and as soon as it becomes evident that it is safe to re-commence site based activities we will look forward to doing so

Kind Regards
pp Nottingham Suspended Ceilings Limited
